## **FORM – MEDICAL MALPRACTICE (AND OTHER PROFESSIONAL MALPRACTICE) INCLUDING NURSING HOME CASES**

There is no form available for these types of cases. Malpractice claims are very case specific and require in-person or telephonic communication. Thus, please call me to discuss your potential claim. During our conversation or meeting I will inquire into the following topics, at a minimum: (This conversation or meeting should take anywhere from 30 to 90 minutes.)

- (1) What you believed happened and when it happened
- (2) The name and medical practices of all physicians involved
- (3) Your past medical history
- (4) A list of all of your physicians that you are currently seeing and have seen in the recent past
- (5) Your work history if you are claiming lost wages or impairment to your ability to earn money
- (6) Who paid for your medical care?
- (7) Whether you have been involved in any other lawsuits seeking compensation for personal injuries

As always there is no fee until your case resolves in your favor.

**If you think you may have a case call me. I will always enjoy speaking with you.**
