

## SECURITY CASES

FEES: For my fees regarding inadequate or improper security cases please click on the following link to see the fee table. Fees range from 25.0% to 35.0%. The range of fees is dependent upon the amount of work that must be done, in other words the fees vary depending upon whether your case settles, goes to arbitration or proceeds to a trial, but NEVER more than 35.0% for cases that require jury trials or bench trials (trials by Judge). As always there is no fee or costs if there is no recovery. Also, there is never a fee or charge for consultations.

Businesses are quick to invite us on to their property and entice us to spend our hard earned money. Accordingly, businesses are also responsible for making sure their environment has adequate security to keep us safe from criminal activity. If you have been robbed, mugged, sexually assaulted or otherwise victimized while at any business establishment (store, mall, hospital, rehabilitation facility, etc.) you may have a claim. Additionally, certain businesses such as bars and concert halls and other public venues have an obligation to provide adequate security and properly trained security to keep us safe. Along those same lines those subject to security measures must also be properly treated and respected.

If you feel you may have a case, pick up the phone and call. It never hurts or costs money to talk.
